

HYCON HCD25-100 CORE DRILL

**STANDARD 60 MM ROUND FRONT FOR
EASY MOUNT ON STANDARD LIGHT DRILL STAND**

HEAT INSULATED HANDLE

PRODUCT FEATURES

The HCD25-100 core drill is the most powerful and easily manageable handheld core drill available. It is perfect for any handheld coring in difficult accessible places where rigs or electric drills cannot be used.

Drilling in concrete pipes, ventilation holes, or just any type of job where handheld is the fastest way to get the job done.

The HCD25-100 is extremely easy to use and will drill through any material. There is no need for a drill rig. However, the HCD25-100 fits in a standard drill rig with a 60 mm flange for more demanding jobs.

The core drill has a built-in hydraulic torque limiter, ensuring max torque and no kickback if the core bit jams.

HYDRAULIC CORE DRILL HCD25-100

CE

Item no.	3030150
Weight [kg / lbs]	7.6 / 16.8
Corebit diameter Ø [mm / inch]	25 - 100 / 1 - 4
Oil flow [LPM / GPM]	20 / 5
Working pressure [bar / psi]	100 / 1450
Max pressure [bar / psi]	172 / 2500
Rotation max [rpm]	1500
Sound power level L _{Wa} [dB]	84
